

### **Local information**

The meeting will take place at *Telecom Lille* (<http://www.telecom-lille.fr/en>) *School of Engineering*, situated on the campus of the University of Lille1 (USTL). The campus is situated at Villeneuve d'Ascq, about 8 km from Lille Centre or 15 mn by metro.

### **How to reach Lille**

If there is an airport close to Lille (Lille-Lesquin - <http://www.lille.aeroport.fr/home/>), there are not so many planes that land there. Easier solutions are to land in Paris or Bruxelles, eventually London and then take a train (1H from Paris, 35' from Bruxelles, 1H30 from London). One solution is to land in Paris-Charles de Gaulle (CDG) where the train also stops and is direct to Lille (~1H).

There are two train stations in Lille (Lille Europe, Lille Flandres). Both are very close (less than 10' walk) and very near the city centre also. To book the tickets you can use SNCF web site (<http://www.sncf.com/en/passengers>)

From Lille–Lesquin airport, you can take a shuttle to the city centre (EuraLille). To reach the MCM Venue (Telecom Lille) the best way is certainly the taxi (rather short trip – 15 to 20').
