

2020 Baltic URSI Symposium, which will be held in May 19-21 2020 in Vilnius, Lithuania invites you to submit a paper related to one of the following areas:

- Electromagnetic Metrology,
- Fields and Waves,
- Radiocommunication Systems and Signal Processing,
- Electronics and Photonics,
- Electromagnetic Environment and Interference,
- Wave Propagation and Remote Sensing,
- Ionospheric Radio and Propagation,
- Waves in Plasmas,
- Radio Astronomy,
- Electromagnetics in Biology and Medicine.

The 2020 Baltic URSI Symposium is a part of The 9th MICROWAVE & RADAR WEEK, which is the continuation of the series of very successful conferences in Warsaw (2004), Krakow (2006), Wroclaw (2008), Vilnius (2010), Warsaw (2012), Gdansk (2014), Krakow (2016) and in Poznan (2018).

MRW2020 comes again to Vilnius, Lithuania after 10 years and it comprises three parallel conferences and a workshop:

- MIKON-2020 23rd International Microwave and Radar Conference,
- IRS-2020 International Radar Symposium,
- 2020 Baltic URSI Symposium,
- SPW-2020 Signal Processing Workshop.

Papers should be uploaded to the paper submission site (<http://www.edas.info/N26236>) for review by the TPC not later than 23:59 CET on 14 th January 2020. The review paper should be at least 3 pages.

For more details please go to: mrweek.org/instructions-for-authors-2/.

All accepted and presented papers will be published in [IEEE Xplore](#).

Papers with the highest reviewers' score will be selected for publication in [Radio Science](#) (possible special issue is under consideration).

Please visit MRW-2020 website (<http://www.mrweek.org/ursi/>) for more information.

IRS, MIKON, Baltic URSI and SPW are technically cosponsored by:
